- Reusable Bags are allowed.
- Barnyard animals can be visited Dawn to dusk
- Picnic tables and play yard open
- All covid guidelines have been lifted. Face masks are optional!
- Outside bathrooms and porta potties available

U-Pick Fruits... what you should know

- Be AWARE the picking fields may open or close at short notice, due to weather or we may get temporarily PICKED OUT. Both are out of our control. So we thank you for your understanding.
- You must purchase picking containers at check-in before entering picking field. Only paid visitor allowed into Picking area. Reservations are not required.
- Customers are **not allowed to eat fruit** in the picking fields, either off the bush/tree or from your picking /container. Wait until you leave the orchard to do any eating.
- Children need to be by your side. Our picking fields are not a play area for them to run around unsupervised. Plan accordingly that **ALL Children in your group are supervised by an adult.**
- There may be a wait to enter the PYO orchard during peak times. We thank you in advance for your patience and understanding.
- We ask that you do not **LINGER**, once you have filled your purchased container you should exit to allow the next group to enter. No hanging around in the pick your own area! We estimate that your picking time in the field should last 20-30 minutes.
- We are NOT able to accommodate large groups.
- Although we love dogs, please leave pets at home. **Not Pets Allowed** in the orchards (Food safety restrictions).
- We recommend leaving large bags and backpacks in the car. If you must bring a large bag or backpack it will be checked before and after picking.
- Please drive slowly and with care. There are many children
- Fall parking for apple picking on Weekends is in our field lot. Watch for signs to turn RIGHT!
- Thanks for supporting your local farm. Have Fun, enjoy your visit and see you all back again!
- After a fun time at picking.... Be sure to visit our farm store for snacks and refreshments.
